PROFILE

Hello, I'm Rahul Chavda, a recent graduate in Computer Application currently pursuing my Master's. I'm a fresh frontend developer with solid skills in HTML5, CSS3, JavaScript, Bootstrap, and Tailwind CSS. I have a basic understanding of React JS and Redux, and I completed a 3-month internship in React JS development at Asume Infotech. I'm familiar with Git and GitHub. Excited to apply my skills to contribute to web development projects.
